

About Us

Wind Point Partners is a private equity investment firm that partners with top caliber executives to acquire well-positioned middle market businesses where it can establish a clear path to value creation.

Since our founding in 1984, we have raised over \$5 billion in commitments and acquired more than 100 platform companies and 300 add-on acquisitions.

Distinctive Strategy

We bring together the following three key elements in each transaction:

- **Top Caliber Executive.** We recruit exceptional executives who will be our partners in selecting and acquiring a company where they can develop and lead a tactical value creation plan.
- **Middle Market Company.** We identify and acquire well-positioned businesses with value creation opportunities that are a good match with our executives' skill sets and industry expertise.
- **Path to Value Creation.** We help companies reach their potential by identifying growth and operational improvement opportunities that can be implemented with our executive partner.
